

Kevin Shaw

22 Barrs Avenue, New Milton, Hampshire BH25 5HJ, England
International colorist, consultant and instructor, Kevin Shaw provides on site training for da Vinci 2K and 2K Plus colorists*.

On-site courses last between 2 and 5 days depending on experience and of course availability!

During a visit, Kevin compares the current configurations with workflow and equipment. Colorists are then shown how to optimize the 2K settings to improve speed and efficiency. Training is designed to improve techniques and promote creativity. Kevin is always happy to show and share looks and effects too.

Colorists can define a curriculum to suit the time available and their needs. Typical training topics include:

- Telecine Setup
- System Overview
- Configurations
- Session Management
- List Management
- Gallery
- 2K and 2K Plus Color Enhancement
- Power Tiers, Defocus and Colorist Toolbox if installed

Experienced colorists can also benefit from practical workshops, to advance their skills. Typical workshops include:

- Key Bus
- Tracking Windows
- Isolations
- Defocus effects
- Colorist Toolbox applications
- PowerGrade
- Digital Intermediates

On completion of an on site visit, Kevin offers suggestions and advice to colorists and facilities on workflow and future upgrades or expansion.

*Ask for details of training on other systems.
